### **IDT Financial Services Ltd Named Winner in Eighth Annual Paybefore Awards**

**Gibraltar: Jan. 22, 2014** – Paybefore has selected IDT Financial Services Ltd (IDT Finance) as a 2014 Paybefore Awards winner in the Breakout Company of the Year category. For eight years, Paybefore Awards has conferred the most prestigious recognition of excellence in the worldwide prepaid, mobile and emerging payments industry.

“We are extremely proud of our achievements at IDT Finance in the past few years. This award is a very gratifying acknowledgement of our hard work and dedication in becoming the premier choice for European BIN Sponsorship Services,” said Daniel Spier, Managing Director of IDT Finance. “Our experience and reputation combined with that of our valued partners are the keys to our continued success in the prepaid industry.”

IDT Finance was selected by a panel of five industry experts who served as judges for this year’s competition, which—once again—included a record number of entries from around the world. The awards are presented annually by Paybefore, a leading source of industry information for alternative payments executives.

“An industry is only as good as its innovators. This year’s Paybefore Awards have demonstrated that prepaid, emerging and mobile payments companies always find new ways to address consumer, government and business needs,” said Loraine DeBonis, Paybefore editor-in-chief and chair of the judging panel. “We are proud to recognize IDT’s contributions to advancing the industry.”

“The companies and programs recognized in the 2014 Paybefore Awards are great of examples of what can be accomplished when innovators apply thoughtfulness and payments technology to address real-world needs,” added Marilyn Bochicchio, Paybefore’s CEO.

IDT Finance now will vie for Best-in-Category distinction, which will be announced during the Paybefore Awards ceremony on March 4 at the [All Payments Expo](#). For the second year, visitors to Paybefore.com will have a chance to vote on Best in Category. The outcome of this vote (counted as one-sixth of the total) will be combined with the five judges’ picks to determine Best-in-Category honorees.
